

PRODUCT DESCRIPTION

i-tec MySafe USB-C Easy, external case for connecting 2.5" SATA disks to your PC, laptop, TV or other multimedia device through USB-C interface, with power supply. You can use the external case for data migration, backup or data recovery. USB-C 3.2 Gen 2 interface with speeds up to 10 Gbps, data transfer is therefore up to 2x faster than the previous version. The interface is compatible with Thunderbolt.

The operation is very simple, the disk is inserted into the frame, and the drivers are automatically installed after the first connection. You can use a separate external frame adapter, to quickly connect the disk to your computer. The enclosed plastic box can be used to safely transfer a disk.

In case of installation problems, technical difficulties or incorrect device functionality, first check the possible solution in the FAQ tab.
