i-tec USB-C Slim Universal Charger 60W, 1x USB-C port 60W. USB-A port 10W, for Laptops, Tablets, Smartphones, HP, Apple, Macbook, Mackbook Pro, Dell, Acer, ASUS, Lenovo, and more

### PRODUCT DESCRIPTION

This universal 60 W USB-C power adapter provides a simple one-stop solution for charging your USB-C laptops, tablets or smartphones. The adapter has an output voltage range of 5 V to 20 VDC, which is detected and set automatically. This makes the adapter compatible with a wide range of notebooks including the Macbook Pro 2016, Macbook Pro 12" 2015, Macbook Pro 15" 2015, Chromebook Pixel 2015, Acer Switch Alpha 12, Dell XPS 13, HP Elitebook Folio G1 and ASUS UX390UA, to name but a few.

The USB-C plug is reversible, which means you no longer need to worry about finding the right orientation before plugging it in. This not only makes it quicker and easier to work with but also significantly reduces the risk of plug or port damage. The addition of a USB-A port (10 W) in the adapter housing provides the option to plug in and charge an additional device.

The housing is compact, 17mm in height, and weighs less than 170g, which makes it perfect for users on-the-move. The long cable, with a reach of more than 2.7m, provides additional flexibility if needed.
