

i-tec USB 3.0 Extension Kit

i-tec Extension Kit PCI-Express card USB 3.0 SuperSpeed 2x External + 1x Internal 19pin + USB 3.0 2port Extender

PRODUCT DESCRIPTION

I-tec USB 3.0 Extension kit is a set of two products that extends your desktop computer with latest USB 3.0 interface. The set includes PCI-Express card with two external and two internal USB 3.0 ports with additional power support. Internal USB 3.0 2x port is lead out by 19pin header male connector. Except for PCI-Express card, you will get extra USB 3.0 Extender which enables you to lead USB 3.0 ports to 3.5" front position of your computer. There you can access the ports in standard USB 3.0 2x type A ports.

In case of any problems with installation, technical difficulties or faulty functionality of device find the possible solution in FAQ bookmark first.
