

i-tec USB 2.0 Fast Ethernet Adapter Advance

i-tec USB 2.0 Advance 10/100 Fast Ethernet LAN Network Adapter USB 2.0 to RJ45, LED, for Tablets, Ultrabooks, Windows, Linux, Mac

PRODUCT DESCRIPTION

The ADVANCE Series is the highest level of i-tec accessories bringing you the cutting edge technologies of products with a modern design and exclusive packaging.

i-tec USB 2.0 Fast Ethernet Adapter is an external 100/10Mbps network card for connecting via USB interface. Thanks to this adapter you can simply and elegantly add another network card to your computer, notebook or tablet. No external power supply is needed. The adapter supports a wide range of operating systems from Windows and Mac OS to Linux. Ethernet network connection can also be used in the Android system. However, the support of this function must be included by the manufacturer directly in the particular Android device. You can easily check this support in Network Connection Settings → Other Networks, which must include Ethernet.

Are you using macOS Big Sur (version 11)? The security settings of this operating system may not function correctly with this product's driver (meaning the product may not function). We recommend choosing a different product. If you require any additional information or assistance, please contact our technical support at support@itecproduct.com

In case of problems with the installation, technical difficulties or incorrect function of the equipment, check first for the possible solution in the FAQ tab.

Long product description: i-tec USB 2.0 Advance 10/100 Fast Ethernet LAN Network Adapter USB 2.0 to RJ45, LED, for Tablets, Ultrabooks, Windows, Linux

PRODUCT FEATURES

- 1x integrated USB 2.0 cable for connecting to the host device (12cm)
