

i-tec USB 3.0 Slim HUB 3 Port + Card Reader and OTG Adapter

i-tec USB 3.0 Slim 3-port HUB with memory card reader and OTG adapter, 3x USB 3.0 port, 1x slot for SD/SDHC/SDXC, 1x slot for micro SD/SDHC/SDXC, 1x OTG adapter to micro USB, for notebook tablet smartphone PC, Windows Mac Android

PRODUCT DESCRIPTION

The ADVANCE Series is the highest level of i-tec accessories bringing you the cutting edge technologies of products with a modern design and exclusive packaging.

Combination of passive HUB 3 port with the card reader. An ideal companion for everybody who does not have enough USB ports in his/her notebook, tablet or PC and who has to constantly connect and disconnect his/her favorite USB equipment. The memory card reader will be appreciated especially by users of digital cameras and HD video cameras using memory cards as a medium for a frequent transmission of data.

This HUB offers three USB 3.0 ports for connecting the USB equipment and high-speed data transfer (5 Gbps). Supports Plug & Play function and standard USB charging - automatical detection of connected mobile devices. Two slots for memory cards support formats SD, SDHC, SDXC, micro SD, micro SDHC and micro SDXC.

The USB 3.0 interface is important mainly for data transfers from USB 3.0 memory cards and flash drives which will use its high transfer speed most. This HUB does not require the installation of drivers. You will just connect it by the USB cable to your computer and immediately you can start using it. This HUB has a built in overcurrent protection of your computer in case of short connection on the peripherals. The interface is compatible with USB 2.0. Thanks to its compact dimensions and low weight it is an ideal also for use when traveling. OTG adapter to micro USB for connecting the HUB to your tablet or smartphone is included.

In case of problems with the installation, technical difficulties or incorrect function of the equipment, check first for the possible solution in the FAQ tab.
