Compact Desktop **Docks**

Professional connectivity for a cleaner workspace.

2 OR 3 DISPLAYS

HDMI / DISPLAYPORT

100W POWER DELIVERY

Professional docking without the premium price

CLEANER WORKSPACE

Mount the dock behind the monitor

The optional VESA bracket keeps the dock and connected cables away from the desktop.

01 Affordable professional docking

Essential connectivity and business functions at an excellent price-to-performance ratio.

02 Broad compatibility

Designed for compatible USB-C, USB4 and Thunderbolt notebooks and tablets.

03 IT deployment functions

Wake-on-LAN, PXE Boot and MAC address cloning support managed workplaces.

04 With or without a charger

Choose the dock alone or a complete bundle with a 100W USB-C power adapter.

Dual DisplayPort Desktop Dock

High-resolution connectivity for DisplayPort workspaces

01 **Two DisplayPort video outputs**

02 **Up to two external 4K displays**

03 **Six USB ports, LAN, audio**

A practical dock for offices equipped with DisplayPort monitors. Connect displays, network, audio and USB accessories while charging a compatible notebook through one host connection.

• 2x DisplayPort • Up to dual 4K/60Hz* • 6x USB • 1Gbps LAN • Up to 100W PD

CORPORATE OFFICES | FINANCIAL WORKSTATIONS | DUAL-MONITOR DESKS

*Maximum resolution and number of displays depend on the host device, DisplayPort version and DSC support. macOS supports one extended external display only.

Flexible Dual Display Desktop Dock

HDMI and DisplayPort connectivity in one compact solution

01 **One HDMI and one DisplayPort output**

02 **Flexible support for mixed monitor environments**

03 **Six USB ports, including two USB-C ports, LAN, audio**

The most flexible dual-display model in the range. Its combination of HDMI and DisplayPort suits offices that use different monitor types or are replacing displays gradually.

• 1x HDMI • 1x DisplayPort • Up to dual 4K/60Hz* • 6x USB • Up to 100W PD

MIXED MONITOR CONNECTIONS

TRADING DESKS | CONTROL ROOMS | CREATIVE WORK | MULTI-DISPLAY OFFICES

*Maximum resolution and number of displays depend on the host device, DisplayPort version and DSC support. macOS supports one extended external display only.

More workspace with fewer visible cables

The optional VESA bracket moves the dock and cable connections behind the monitor.

01 Vertical or horizontal installation

Choose the position that best suits the monitor and its stand.

02 Integrated cable management

Keep the main working area clear of the dock and connected cables.

i-tec VESA Docking Station Bracket

VESA 75 × 75 mm and 100 × 100 mm

Strong metal construction with a mechanically resistant surface.

VESA Mounting compatible
i-tec.pro/vesa

VESADOCK1
8595611703140

Functions for managed workplaces

Network deployment and device management without moving to a premium dock.

01 Wake-on-LAN

Wake compatible computers remotely from supported power states S1, S2 and S3.

02 PXE Boot

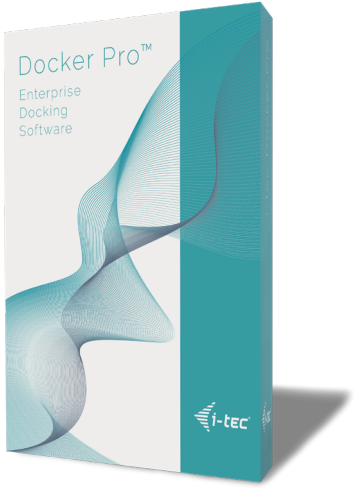
Deploy operating systems and manage compatible computers through the corporate network.

03 MAC address cloning

Use i-tec Docker Pro to clone the notebook's MAC address to the dock's Ethernet adapter.

04 Corporate deployment

Docker Pro can run as a Windows service and supports corporate server installation.



i-tec Docker Pro

Windows 10 / 11.
Installation requires administrator permissions.

Feature availability also depends on the notebook, operating system, firmware and network configuration.

Portfolio comparison

Choose the video outputs first, then select the dock-only or 100W bundle version.

PRODUCT	PACKAGE	VIDEO OUTPUTS	DISPLAYS*	USB-A	USB-C	LAN	AUDIO	USB-C CHARGER INCLUDED
