USB-C Chargers

The right power for every device.

Every charging need covered

A complete range for everyday users, mobile professionals and multi-device workspaces.

MARKET OPPORTUNITY

More devices now ship without a charger

EU common-charger rules let customers buy many new devices without an included charger.
The rules also cover laptops from April 2026.

INDEPENDENT TESTING

Added confidence from EZÚ

Selected i-tec chargers undergo independent testing and certification by EZÚ, an accredited European testing authority.
